

## **PUBLIC NOTICE**

In compliance with Subchapter 9-9.10 of the NJ Pesticide Control Code (N.J.A.C. Title 7, Chapter 30), notice is hereby given that the Warren County Department of Public Works, Road Division, 185 County Route 519 South, Belvidere, NJ 07823-1931, will be applying Arsenal Powerline – EPA #241-431 (active ingredient Isopropylamine salt of imazapyr), Bullzeye, EPA #524-454-534 (active ingredient Glyphosate Isopropylamine Salt (142)) – by truck mounted ULV (Ultra Low Volume) sprayer for roadside vegetation control on an area-wide basis as needed throughout the County of Warren, during the period from May 02, 2022 to September 30, 2022. This includes areas around guide rails, utility poles, and traffic control devices. For additional information on roadside spraying activities contact John P. Tate, Sr., County Supervisor of Roads at 908-475-7981 or Caleb Dean (pesticide applicator license #589588) at 908-475-7975. Call the NJ Poison Control Center at 800-764-7661 for emergencies, the National Pesticide Information Center at 800-858-7378 for routine health inquiries and to obtain information about signs and symptoms of pesticide exposure. Call NJ Pesticide Control Program at 609-984-6507 for pesticide regulation information, pesticide complaints and health referrals. Upon request, the pesticide applicator or applicator business shall provide a resident with notification at least 12 hours prior to the application, except for Quarantine and Disease Vector Control only when conditions necessitate pesticide applications sooner than that time. This request must be made annually in writing and must indicate name, street address, block and lot number and a phone number at the residence.
