Fax. (908) 475-5873

March 21, 2014

The Honorable Chairman and Members
of the Warren County (Pequest River)
Municipal Utilities Authority
Belvidere, NJ

Dear Authority Members:

The annual financial report of the Warren County (Pequest River) Municipal Utilities Authority (The "Authority") for the years ended December 31, 2013 and 2012, is hereby submitted. Responsibility for both the accuracy of the data and completeness and fairness of the presentation, including all disclosures, rests with the management of the Authority. To the best of our knowledge and belief, the data presented in this report is accurate in all material respects and is reported in a manner designed to present fairly the financial position and results of operations of the various funds of the Authority. All disclosures necessary to enable the reader to gain an understanding of the Authority's financial activities have been included.

The annual financial report is presented in four sections: introductory, financial, *Government Auditing Standards*, and comments and recommendations. The introductory section includes this transmittal letter, the Authority's organizational chart and a list of principal officials. The financial section includes the financial statements as well as the auditors' report thereon. Information related to *Government Auditing Standards* section, including the auditors' report on internal control and compliance with applicable laws and regulations and findings and responses, are included in the *Government Auditing Standards* section of this report.

REPORTING ENTITY AND ITS SERVICES:

The Warren County (Pequest River) Municipal Utilities Authority is a public body corporate and politic of the State of New Jersey governed by nine members appointed by the Warren County Board of Chosen Freeholders.

The Authority was created in 1969 and reorganized in 1978 under and pursuant to the State Municipal Utilities Authorities Law (P.L. 1957, Chap. 183).

The Warren County (Pequest River) Municipal Utilities Authority was created to provide for the acquisition, construction, maintenance, operation and improvement of facilities for the collection, treatment, purification or disposal of sewage or other wastes for the purpose of relieving waters of pollution within the Authority's area of service. The Authority is authorized to collect service charges for connection with, and for use of, the Authority's services and products. The Authority bills the customers for such usage under their respective service contracts.

As a public body under existing statute, the Authority is exempt from both federal and state taxes.

The Honorable Chairman and Members
of the Warren County (Pequest River)
Municipal Utilities Authority

REPORTING ENTITY AND ITS SERVICES: (Cont'd)

Governmental Accounting Standards Board Codification Section 2100, "Defining the Financial Reporting Entity" establishes standards to determine whether a governmental component unit should be included in the financial reporting entity. The basic criterion for inclusion or exclusion from the financial reporting entity is the exercise of oversight responsibility over agencies, boards and commissions by the primary government. The exercise of oversight responsibility includes financial interdependency and resulting financial benefit or burden relationship, selection of governing authority, designation of management, ability to significantly influence operations, and accountability for fiscal matters.

Although the Freeholders of Warren County initially appoint the governing members of the Authority and the County has secured the payment of the Authority's bonds and loans, the Authority is autonomous from the County in all other pertinent matters concerning oversight responsibility. Accordingly, the Authority is considered a component unit of the County of Warren.

General Trends and Significant Events

During 2013, the Authority experienced the following:

- Both sewer plants operated without any major breakdowns or violations.
- Each facility is considered to be well run and orderly with housekeeping and storage exceptional.
- The MUA has gone over 14 years without any lost time accidents and no lost work days.
- During 2013, the Authority completed the process of designing and securing financing for the Oxford WWTF Upgrade as required by the NJDEP. Construction on this project began in the fourth quarter of 2013.
- The Warren County Pollution Control Financing Authority (" the PCFA") continues to discharge the effluent from its facility into the Authority's Oxford Treatment plant. The flow from the PCFA plant continues to generate significant revenue for the PRMUA.

CASH MANAGEMENT: The investment policy of the Authority is guided in large part by state statute as detailed in "Notes to the Financial Statements", Note 5. The Authority has adopted a cash management plan which requires it to deposit public funds in public depositories protected from loss under the provisions of the Governmental Unit Deposit Protection Act ("GUDPA"). GUDPA was enacted in 1970 to protect Governmental Units from a loss of funds on deposit with a failed banking institution in New Jersey. The law requires governmental units to deposit public funds only in public depositories located in New Jersey, where the funds are secured in accordance with the Act.

RISK MANAGEMENT: The Authority carries various forms of insurance, including but not limited to general liability, excess liability, automobile liability and comprehensive/collision, hazard and theft insurance on property, contents, and fidelity bonds.

The Honorable Chairman and Members
of the Warren County (Pequest River)
Municipal Utilities Authority

OTHER INFORMATION:

Independent Audit - State statutes require an annual audit by independent certified public accountants or registered municipal accountants. The accounting firm of Nisivoccia LLP, CPAs, was selected by the Authority. The auditors' report on the financial statements is included in the financial section of this report.

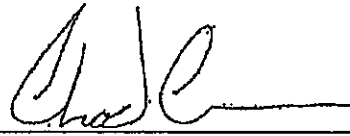

ACKNOWLEDGEMENTS:

We would like to express our appreciation to the members of the Warren County (Pequest River) Municipal Utilities Authority for their concern in providing fiscal accountability to the citizens of Warren County and thereby contributing their full support to the development and maintenance of our financial operation. The preparation of this report could not have been accomplished without the efficient and dedicated services of our financial and accounting staff.

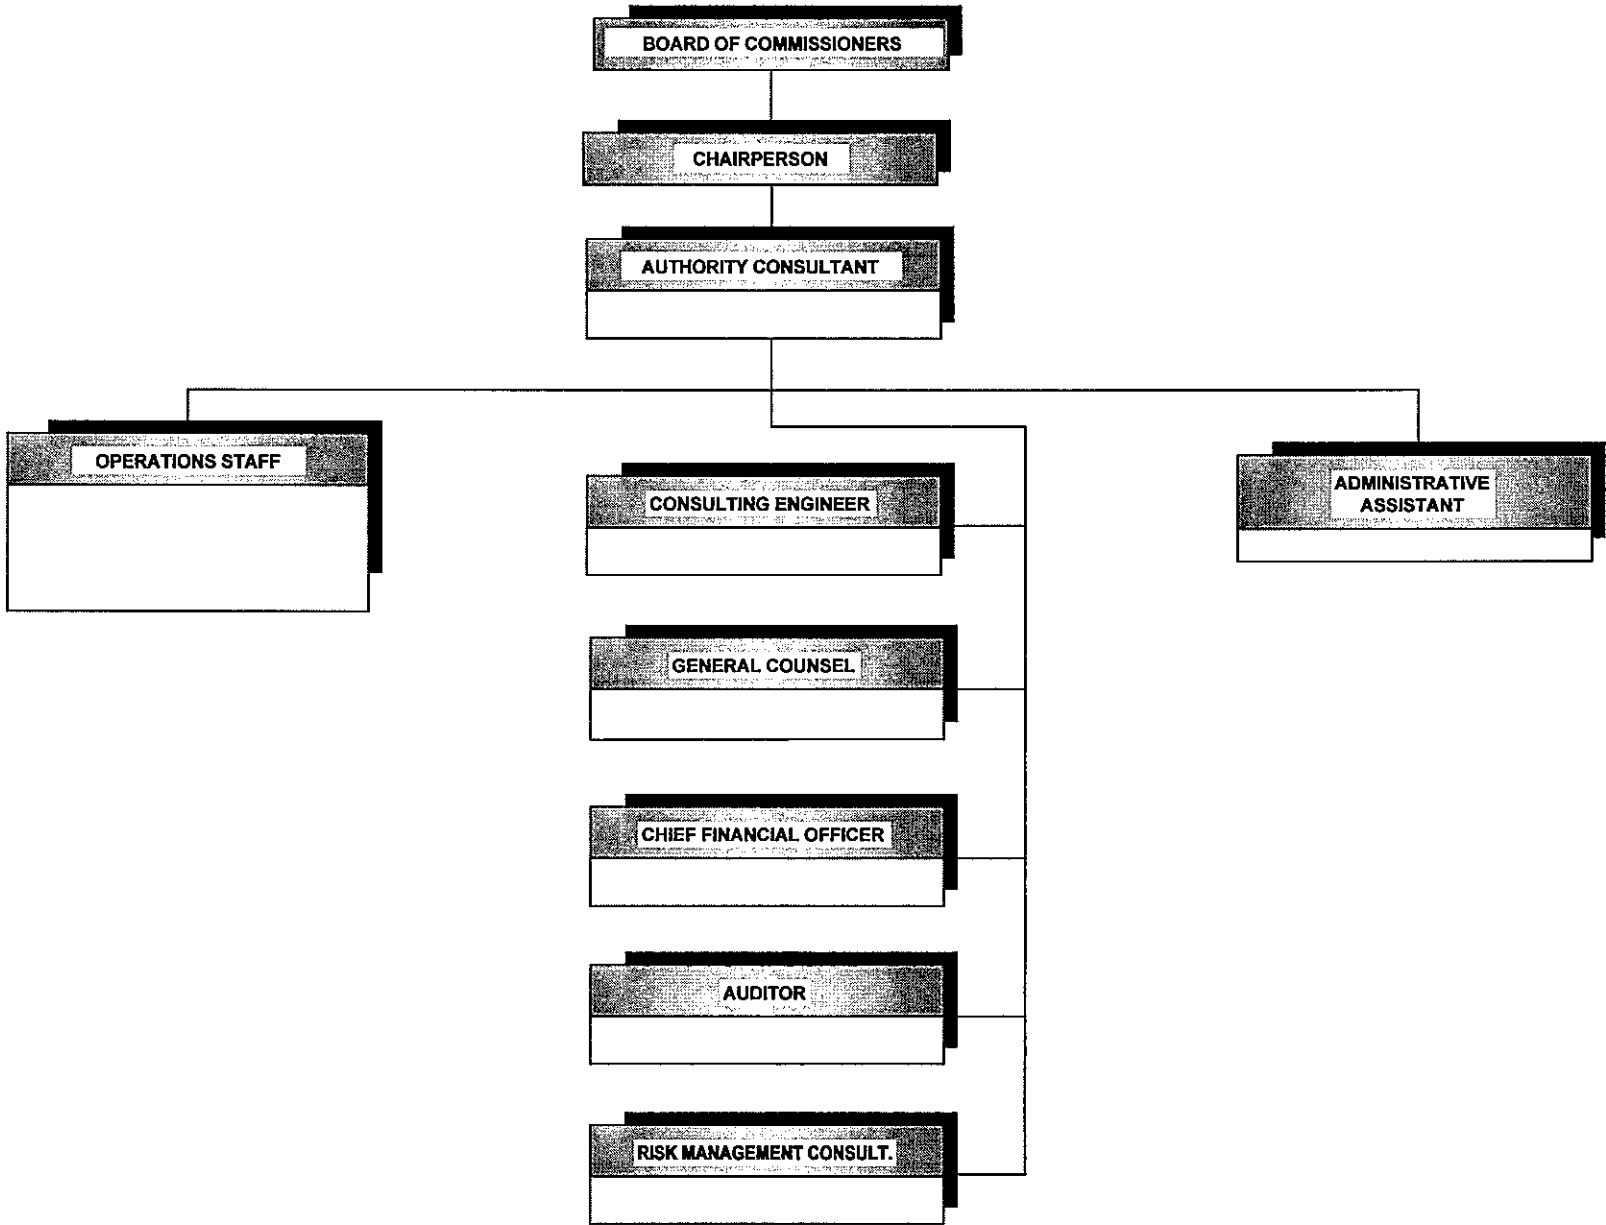

Respectfully submitted,

Charles Houck
Authority's Chief Financial Officer

Independent Auditors' Report

The Honorable Chairman and Members
 of the Warren County (Pequest River)
 Municipal Utilities Authority
 Belvidere, NJ

Report on the Financial Statements

We have audited the accompanying financial statements of the Pequest River Municipal Utilities Authority, (the "Authority"), a component unit of the County of Warren, as of and for the years ended December 31, 2013 and 2012, and the related notes to the financial statements, as listed in the foregoing table of contents.

Management's Responsibility for the Financial Statements

Management is responsible for the preparation and fair presentation of these financial statements in accordance with accounting principles generally accepted in the United States of America; this includes the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

Auditors' Responsibility

Our responsibility is to express opinions on these financial statements based on our audits. We conducted our audits in accordance with auditing standards generally accepted in the United States of America, audit requirements prescribed by the Division of Local Government Services, Department of Community Affairs, State of New Jersey (the "Division"), and the standards applicable to financial audits contained in *Government Auditing Standards*, issued by the Comptroller General of the United States. Those standards require that we plan and perform the audits to obtain reasonable assurance about whether the financial statements are free from material misstatement.

An audit involves performing procedures to obtain audit evidence about the amounts and disclosures in the financial statements. The procedures selected depend on the auditor's judgment, including the assessment of the risks of material misstatement of the financial statements, whether due to fraud or error. In making those risk assessments, the auditor considers internal control relevant to the Authority's preparation and fair presentation of the financial statements in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Authority's internal control. Accordingly, we express no such opinion. An audit also includes evaluating the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluating the overall presentation of the financial statements.

We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinions.

The Honorable Chairman and Members
of the Warren County (Pequest River)
Municipal Utilities Authority
Page 2

Opinions

In our opinion, the component unit financial statements referred to above, present fairly, in all material respects, the financial position of the Authority as of December 31, 2013 and 2012, and the respective changes in financial position and cash flows thereof for the years then ended in accordance with accounting principles generally accepted in the United States of America.

Other Matters

Required Supplementary Information

Accounting principles generally accepted in the United States of America require that the management's discussion and analysis be presented to supplement the financial statements. Such information, although not a part of the financial statements, is required by the Governmental Accounting Standards Board who considers it to be an essential part of financial reporting for placing the financial statements in an appropriate operational, economic, or historical context. We have applied certain limited procedures to the required supplementary information in accordance with auditing standards generally accepted in the United States of America, which consisted of inquiries of management about the methods of preparing the information and comparing the information for consistency with management's responses to our inquiries, the financial statements, and other knowledge we obtained during our audit of the financial statements. We do not express an opinion or provide any assurance on the information because the limited procedures do not provide us with sufficient evidence to express an opinion or provide any assurance.

Supplementary and Other Information

Our audit was conducted for the purpose of forming opinions on the financial statements that collectively comprise the Authority's financial statements. The supplementary information schedules listed in the table of contents and the other information in the introductory section are presented for purposes of additional analysis and are not a required part of the financial statements.

The supplementary schedules are the responsibility of management and were derived from and relate directly to the underlying accounting and other records used to prepare the financial statements. Such information has been subjected to the auditing procedures applied in the audit of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with auditing standards generally accepted in the United States of America. In our opinion, the supplementary information schedules are fairly stated, in all material respects, in relation to the financial statements as a whole.

The introductory section has not been subjected to the auditing procedures applied in the audit of the financial statements, and accordingly, we do not express an opinion or provide any assurance on it.

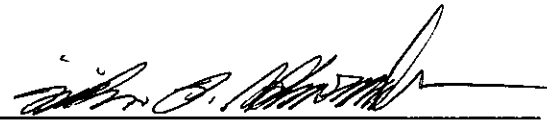

The Honorable Chairman and Members
of the Warren County (Pequest River)
Municipal Utilities Authority
Page 3

Other Reporting Required by *Government Auditing Standards*

In accordance with *Government Auditing Standards*, we have also issued our report dated March 21, 2014 on our consideration of the Authority's internal control over financial reporting and on our tests of its compliance with certain provisions of laws, regulations, contracts, and grant agreements and other matters. The purpose of that report is to describe the scope of our testing of internal control over financial reporting and compliance and the results of that testing, and not to provide an opinion on internal control over financial reporting or on compliance. That report is an integral part of an audit performed in accordance with *Government Auditing Standards* in considering the Authority's internal control over financial reporting and compliance.

MANAGEMENT DISCUSSION AND ANALYSIS (UNAUDITED)

This section presents management's analysis of the Authority's financial condition and activities for the year. This information should be read in conjunction with the financial statements.

Financial Highlights

Management believes the Authority's financial position to be strong for a small county utility. The Authority is functioning within its stringent financial policies and guidelines set forth by the Authority members. Following is a list of key highlights for 2013:

- The Authority reduced the principal outstanding on the 2003 revenue refunding bonds by \$455,000, leaving a balance of \$1,515,000.
- The principal paid on the 2002 trust loan was \$105,000, and the balance is \$1,176,397. The principal paid on the 2002 fund loan was \$112,115, and the balance is \$1,013,889. The principal paid on the 2003 trust loan was \$50,000, and the balance is \$660,000. The principal paid on the 2003 fund loan was \$50,631 and the balance is \$386,848.
- Sewer charges increased \$191,511 in 2013 or 7.47%. This increase is mainly due to higher flow rates from participating entities. Sewer Connection Fees decreased \$89,016 or 93.12% due to the decrease in activity in the construction industry.

Overview of Annual Financial Report

The Management's Discussion and Analysis (MD&A) serves as an introduction to, and should be read in conjunction with the audited financial statements and supplementary information. The Management's Discussion and Analysis represents management's examination and analysis of the Authority's financial condition and performance. Summary financial statement data, key financial and operational indicators used in the Authority's strategic plan, budget, and other management tools were used for this analysis.

The financial statements report information about the Authority using full accrual accounting as utilized by similar government activities. The financial statements include a statement of net position; a statement of revenues, expenses, and changes in net position; a statement of cash flows; and notes to the financial statements. In addition, there are several supplementary information schedules.

The *statement of net position* presents the financial position of the Authority on a full accrual historical cost basis. The statement of net position presents information on all of the Authority's assets, deferred inflows and outflows, and liabilities, with the difference reported as net position. Over time, increases and decreases in net position is one indicator of whether the financial position of the Authority is improving or deteriorating.

While the statement of net position provides information about the nature and amount of resources and obligations at year-end, the *statement of revenues, expenses, and changes in net position* presents the results of the business activities over the course of the year and information as to how the net position changed during the year. All changes in net position are reported as soon as the underlying event giving rise to the change occurs, regardless of the timing of the related cash flows. This statement also provides certain information about the Authority's recovery of its costs. Rate setting policies use different methods of cost recovery not fully provided for by generally accepted accounting principles. The primary objectives of the rate model are to improve equity among customer classes and ensure that capital costs are allocated on the basis of long-term requirements, ensuring that growth pays for growth.

Overview of Annual Financial Report (Cont'd)

The *statement of cash flows* presents changes in cash and cash equivalents, resulting from operational, financing, and investing activities. This statement presents cash receipts and cash disbursement information, without consideration of the earnings event, when an obligation arises, or depreciation of capital assets.

The *notes to the financial statements* provide required disclosures and other information that are essential to a full understanding of material data provided in the statements. The notes present information concerning the Authority's accounting policies, significant account balances and activities, material risks, obligations, commitments, contingencies and subsequent events, if any.

The *supplementary information schedules* provide detailed comparison of budget to actual expenses, as well as important debt coverage data.

Financial Conditions

The Authority is in excellent shape to meet future financial demands.

The Authority's total net position increased from the prior year by \$.89 million. The analysis below focuses on the Authority's net position (Table I) and changes in net position (Table II) during the year.

Table I
Condensed Statement of Net Position

	Dec. 31, 2013	Dec. 31, 2012	Increase/ (Decrease) from 2012	Percent of Increase/ (Decrease)
Current and Other Assets	\$ 5,454,051	\$ 5,557,572	\$ (103,521)	(1.86%)
Capital Assets	9,489,310	9,275,126	214,184	2.31%
Total Assets	<u>14,943,361</u>	<u>14,832,698</u>	<u>110,663</u>	0.75%
Deferred Outflows of Resources	<u>56,989</u>	<u>78,360</u>	<u>(21,371)</u>	(27.27%)
Current Liabilities	928,271	911,088	17,183	1.89%
Long-Term Liabilities	<u>4,023,889</u>	<u>4,835,771</u>	<u>(811,882)</u>	(16.79%)
Total Liabilities	<u>4,952,160</u>	<u>5,746,859</u>	<u>(794,699)</u>	(13.83%)
Deferred Inflows of Resources	<u>28,864</u>	<u>32,987</u>	<u>(4,123)</u>	(12.50%)
Net Investment in Capital Assets	5,445,198	5,549,470	(104,272)	-1.88%
Unrestricted Net Position	1,687,010	1,956,166	(269,156)	(13.76%)
Restricted Net Position	<u>2,887,118</u>	<u>1,625,576</u>	<u>1,261,542</u>	77.61%
Total Net Position	<u>\$ 10,019,326</u>	<u>\$ 9,131,212</u>	<u>\$ 888,114</u>	9.73%

Total net position increased 9.73%. This was mainly a result of normal business operations and reduction of debt associated with capital assets.

Financial Conditions (Cont'd)

Changes in the Authority's net position can be determined by reviewing the following condensed Statement of Revenue, Expenses and Changes in Net Position for the year.

Table II
Condensed Statement of Revenue, Expenses and Changes in Net Position

	Dec. 31, 2013	Dec. 31, 2012	Increase/ (Decrease) from 2012	Percent of Increase/ (Decrease)
Operating Revenue	\$ 2,773,642	\$ 2,668,257	\$ 105,385	3.95%
Nonoperating Revenue	14,913	17,646	(2,733)	(15.49%)
Total Revenue	2,788,555	2,685,903	102,652	3.82%
Operating Expenses:				
Cost of Providing Services	1,156,518	1,116,879	39,639	3.55%
Administrative and General Expenses	144,664	169,206	(24,542)	(14.50%)
	1,301,182	1,286,085	15,097	1.17%
Depreciation	405,537	418,115	(12,578)	(3.01%)
Nonoperating Expenses	193,722	220,980	(27,258)	(12.34%)
Total Expenses	1,900,441	1,925,180	(24,739)	(1.29%)
Change in Net Position	888,114	760,723	127,391	16.75%
Beginning Net Position	9,131,212	8,370,489	760,723	9.09%
Ending Net Position	\$ 10,019,326	\$ 9,131,212	\$ 888,114	9.73%

Results of Operations

Operating Revenues: The increase in operating revenues is primarily due to sewer charges increasing 7.47% from 2012 offset by a decrease in sewer connection fees. Nonoperating revenue decreased due to lower interest income as a result of lower interest rates.

Expenses: Operating expenses increased 1.17% over 2012. The Authority maintains its policy of careful spending to stay within the budget.

Budgetary Highlights: Over the course of the year, the Authority's Board of Directors did not make any amendments to the original budget.

Results of Operations (Cont'd)

Capital Assets: As of December 31, 2013, the Authority had \$9.49 million invested in capital assets, including land, vehicles and two 500,000 gallons per day wastewater treatment plants, four pumping stations and the sewer collection system infrastructure. This amount represents an increase of \$.214 million from the prior year.

The following table summarizes the Authority's capital assets, net of accumulated depreciation and changes therein, for the year ended December 31, 2013. These changes are presented in detail in Note 2 to the financial statements.

Table III
Capital Assets, Net of Accumulated Depreciation

	Dec. 31, 2013	Dec. 31, 2012	Increase/ (Decrease) from 2012	Percent of Increase/ (Decrease)
Land	\$ 52,000	\$ 52,000		
Plant, Equipment and Vehicles	20,699,693	20,699,693		
Construction in Progress	2,888,887	2,269,166	\$ 619,721	27.31%
Total	<u>23,640,580</u>	<u>23,020,859</u>	<u>619,721</u>	2.69%
Less:				
Accumulated Depreciation	<u>14,151,270</u>	<u>13,745,733</u>	<u>405,537</u>	2.95%
Capital Assets, Net of Accumulated Depreciation	<u>\$ 9,489,310</u>	<u>\$ 9,275,126</u>	<u>\$ 214,184</u>	2.31%

Long-term Debt: At year-end, the Authority had \$4,752,134 in debt outstanding – a decrease of \$772,746 from last year – as shown in Table IV. (More detailed information about the Authority's long-term liabilities is presented in Note 4 to the financial statements.)

Table IV
Outstanding Long-Term Debt

	Dec. 31, 2013	Dec. 31, 2012	(Decrease) from 2012	Percent of Decrease
Wastewater Revenue Bonds Payable	\$ 1,515,000	\$ 1,970,000	\$ (455,000)	-23.10%
NJ Environmental Infrastructure Trust Loan Payable	1,836,397	1,991,397	(155,000)	-7.78%
NJ Environmental Infrastructure Fund Loan Payable	<u>1,400,737</u>	<u>1,563,483</u>	<u>(162,746)</u>	-10.41%
	<u>\$ 4,752,134</u>	<u>\$ 5,524,880</u>	<u>\$ (772,746)</u>	-13.99%

Cash Flow Activity: The Cash and cash equivalents at year-end 2013 decreased by \$96,184 from the previous year. The Authority maintains an adequate cash balance to meet future emergencies and capital requirements.

Final Comments: During 2013 the Authority continued their agreement with Billy Wauhop & Associates for engineering and the management of business and supervision of operations. The Authority still continues with shared services with the County of Warren.

WARREN COUNTY (PEQUEST RIVER) MUNICIPAL UTILITIES AUTHORITY
NOTES TO FINANCIAL STATEMENTS
YEAR ENDED DECEMBER 31, 2013

Note 1 - Organization and Summary of Significant Accounting Policies

The Warren County (Pequest River) Municipal Utilities Authority is a public body corporate and politic of the State of New Jersey governed by nine members appointed by the Warren County Board of Chosen Freeholders.

The Authority was created in 1969 and reorganized in 1978 under and pursuant to the State Municipal Utilities Authorities Law (P.L. 1957, Chap. 183).

The Warren County (Pequest River) Municipal Utilities Authority was created to provide for the acquisition, construction, maintenance, operation and improvement of facilities for the collection, treatment, purification or disposal of sewage or other wastes for the purpose of relieving waters of pollution within the Authority's area of service. The Authority is authorized to impose and to collect service charges for connection with, and for use of, the Authority services and products. The Authority bills the customers for such usage under their respective service contracts.

A. Basis of Presentation and Accounting

The Authority utilizes the accrual basis of accounting whereby revenue is recorded as earned and expenses are reflected as the liability is incurred. Operating revenue, such as charges for services result from exchange transactions associated with the principal activity of the Authority. Exchange transactions are those in which each party receives and gives up essentially equal value. Nonoperating revenue, such as subsidies and investment earnings, results from nonexchange transactions or ancillary activities. Nonexchange transactions, in which the Authority gives or receives value without directly receiving or giving equal value in exchange, generally do not occur, with the exception of investment earnings.

All activities of the Authority are accounted for within a single proprietary (enterprise) fund. Proprietary funds are used to account for operations that are (a) financed and operated in a manner similar to private business enterprises where the intent of the governing body is that the costs (expenses, including depreciation) of providing goods or services to the general public on a continuing basis be financed or recovered primarily through user charges; or (b) where the governing body has decided that periodic determination of revenue earned and/or expenses incurred is appropriate for capital maintenance, public policy, management control, accountability, or other purposes.

WARREN COUNTY (PEQUEST RIVER) MUNICIPAL UTILITIES AUTHORITY
NOTES TO FINANCIAL STATEMENTS
YEAR ENDED DECEMBER 31, 2013

(Continued)

Note 1 - Organization and Summary of Significant Accounting Policies (Cont'd)

A. Basis of Presentation and Accounting (Cont'd)

The accounting and financial reporting treatment applied to the Authority is determined by its measurement focus. The financial statements are reported using the economic measurement focus and the accrual basis of accounting. The transactions of the Authority are accounted for on a flow of economic resources measurement focus. With this measurement focus, all assets, all deferred outflows of resources and all liabilities and deferred inflows of resources associated with the operations are included on the Statement of Net Position. Net position (i.e., total assets and deferred outflows of resources net of total liabilities and deferred inflows of resources) are segregated into "net investment in capital assets"; "restricted" and "unrestricted" components.

Reporting Entity

Governmental Accounting Standards Board publication Codification of Governmental Accounting and Financial Reporting Standards section 2100, "Defining the Financial Reporting Entity", establishes standards to determine whether a governmental component unit should be included in the financial reporting entity. The basic criterion for inclusion or exclusion from the financial reporting entity is the exercise of oversight responsibility over agencies, boards and commissions by the primary government. The exercise of oversight responsibility includes financial interdependency and a resulting financial benefit or burden relationship, selection of governing authority, designation of management, ability to significantly influence operations, and accountability for fiscal matters. The Authority is a legally separate organization. Financial transactions are processed and accounted for by the Authority's financial administration. Although the Freeholders of Warren County initially appoint the governing members of the Authority and the County has secured the payment of the Authority's bonds and loans, the Authority is autonomous from the County in all other pertinent matters concerning oversight responsibility. Accordingly, the Authority is not considered a component unit of the County of Warren under the provisions of Governmental Accounting Standards Board Codification Section 2100.

WARREN COUNTY (PEQUEST RIVER) MUNICIPAL UTILITIES AUTHORITY
NOTES TO FINANCIAL STATEMENTS
YEAR ENDED DECEMBER 31, 2013
(Continued)

Note 1 - Organization and Summary of Significant Accounting Policies (Cont'd)

B. Grants

Recognition of revenue from grants is based on the accrual basis of accounting. Grant funds received before costs are incurred are considered unearned revenue.

Grant related expenditures incurred in advance of receipt of grant funds result in the recording of receivables and revenue. Grants not externally restricted and utilized to finance operations are identified as nonoperating revenue. The Authority was not awarded any grants in either 2012 or 2013.

C. Inventories

The cost of inventories of supplies are recorded as expenditures at the time individual items are purchased, since they are immaterial to the financial position and results of operations.

D. Cash and Cash Equivalents

Amounts include petty cash, amounts on deposit, and short-term investments with original maturities of three months or less.

E. Investments

Investments are stated at cost which approximates market. The Authority classifies certificates of deposit which have original maturity dates of more than three months but less than twelve months from the date of purchase, as investments. The Authority's investments are limited by the 1993 and 2003 Bond Resolutions to obligations of or guaranteed by the federal government and bank certificates of deposit.

F. Use of Estimates

The preparation of financial statements in conformity with generally accepted accounting principles requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and disclosure of contingent assets and liabilities at the date of the financial statements and the reported amounts of revenue and expenses during the reporting period. Actual results could differ from the estimates.

G. Compensated Absences

Compensated absences are accrued and reported as a liability in the period earned. The balance as of December 31, 2013 was \$6,305, which is included on the Statement of Net Position as a current liability.

H. Revenue Recognition

The Authority has service agreements with several other local government agencies. Customers are billed quarterly based on estimates resulting from the prior year's actual usage. First quarter bills each year are adjusted, if necessary, for actual usage of the prior year. Revenue is recorded net of any discounts, assessments or abatements, if applicable.

WARREN COUNTY (PEQUEST RIVER) MUNICIPAL UTILITIES AUTHORITY
NOTES TO FINANCIAL STATEMENTS
YEAR ENDED DECEMBER 31, 2013
(Continued)

Note 1 - Organization and Summary of Significant Accounting Policies (Cont'd)

I. Net Position

The Authority implemented GASB Statement No. 63, *Financial Reporting of Deferred Outflows of Resources, Deferred Inflows of Resources, and Net Position*, during the prior year. This statement defines net position as the residual of all other elements presented in a statement of financial position. It is the difference between (a) assets and deferred outflows of resources and (b) liabilities and deferred inflows of resources. This Statement provides guidance for reporting net position within a framework that includes deferred outflows of resources and deferred inflows of resources, in addition to assets and liabilities.

The Authority implemented GASB No. 65, *Items Previously Reported as Assets and Liabilities*, during the current year. This statement establishes accounting and financial reporting standards that reclassify, as deferred outflows of resources or deferred inflows of resources, certain items that were previously reported as assets and liabilities and recognizes, as outflows of resources or inflows of resources, certain items that were previously reported as assets and liabilities.

A deferred outflow of resources is a consumption of net position by the Authority that is applicable to a future reporting period. A deferred inflow of resources is an acquisition of net position by the Authority that is applicable to a future reporting period. The Authority had deferred inflows and outflows of resources at December 31, 2013 of \$28,864 and \$56,989 for an unamortized gain and loss on bond refundings, respectively.

Net position is displayed in three components - net investment in capital assets; restricted and unrestricted.

The net investment in capital assets component of net position consists of capital assets, net of accumulated depreciation, reduced by the outstanding balances of borrowings that are attributable to the acquisition, construction, or improvement of those assets. Deferred outflows of resources and deferred inflows of resources that are attributable to the acquisition, construction, or improvement of those assets or related debt also would be included in this component of net position.

The restricted component of net position consists of restricted assets reduced by liabilities and deferred inflows of resources related to those assets.

The unrestricted component of net position is the net amount of the assets, deferred outflows of resources, liabilities, and deferred inflows of resources that are not included in the determination of net investment in capital assets or the restricted component of net position.

J. Allowance for Uncollectible Accounts

All receivables are reported at their gross values and, where appropriate, are reduced by the estimated portion that is expected to be uncollectible. The allowance is established at the discretion of management of the Authority as deemed necessary based on prior collection history.

K. Restricted Accounts

In accordance with the 1993 and 2003 Bond Resolutions, the Authority has established the following cash and investment accounts for the deposit, in the priority of the order listed, of all revenue received by the Authority:

WARREN COUNTY (PEQUEST RIVER) MUNICIPAL UTILITIES AUTHORITY
NOTES TO FINANCIAL STATEMENTS
YEAR ENDED DECEMBER 31, 2013
(Continued)

Note 1 - Organization and Summary of Significant Accounting Policies (Cont'd)

K. Restricted Accounts (Cont'd)

<u>Account</u>	<u>Amount</u>	<u>Use for which Restricted</u>
Construction	Proceeds of debt issued and construction grants-in-aid	Construction cost of the system.
Revenue	All revenue received by the Authority	Authorized operating expenses and, as of the first day of each month, transfers to the various accounts described below.
Sinking	Amount needed to equal Sinking Fund requirement	For purchase or the redemption of the Bonds for which the account is maintained.
Bond Service (Current Debt)	Amount needed to pay matured principal interest plus principal and interest due on or before the following January 1st	Principal and interest on the Bonds.
Bond Reserve (Future Debt Service)	Amount needed to equal the greatest amount of debt service due in any year.	Transfers to meet the greatest amount required in the Bond Service or Sinking Accounts. Any excess may be transferred into the Revenue Account.
Renewal and Replacement	Amount needed to increase the balance to equal the renewal and replacement requirements as defined by the resolution.	Transfers to meet minimum levels required in the Bond Service, Sinking or Bond Reserve Accounts or major repairs, renewal and extensions of the system.
General	To any extent	Transfer into the Bond Reserve Account the amount needed to increase the amount in the account so that it equals such Bond Reserve requirement.

(Continued)

Note 2 - Capital Assets (Cont'd)

Capital assets are recorded at cost and consisted of the following, as of December 31, 2012 and 2013:

	Balance Dec. 31, 2012	Additions	Deletions	Balance Dec. 31, 2013
Capital Assets to be depreciated				
Plant and Equipment	\$20,516,751			\$20,516,751
Vehicles	182,942			182,942
Total Capital Assets to be depreciated	<u>20,699,693</u>			<u>20,699,693</u>
Capital Assets not to be depreciated				
Land	52,000			52,000
Construction-in-Progress	2,269,166	\$ 619,721		2,888,887
Total Capital Assets	23,020,859	619,721		23,640,580
Accumulated Depreciation	(13,745,733)	(405,537)		(14,151,270)
Capital Assets (Net)	<u>\$ 9,275,126</u>	<u>\$ (405,537)</u>	<u>\$ -0-</u>	<u>\$ 9,489,310</u>

Property and equipment are recorded at cost. Depreciation is provided on the straight-line method over the estimated useful lives of the respective assets. Maintenance and repairs are charged to expense as incurred; major renewals and betterments are capitalized. Capital assets have been reviewed for impairments.

Major classes of property, plant and equipment and their estimated useful lives are summarized below:

Vehicles	6 Years
Land Improvements	20 Years
Buildings	45 Years
Communications, Business and Computer Equipment	2-15 Years
Machinery and Tools	15 Years
Appliances	10 Years
Lab/Science/Engineering Equipment	10 Years
Furniture and Accessories	20 Years
Grounds and Agricultural Equipment	15 Years
Sewer/Water/Electric Equipment	30 Years

Construction-in-Progress

As of December 31, 2013, the Authority continues to move forward with plans to upgrade its Oxford water treatment facilities, as well as conducting a leachate study and interceptor evaluation with cumulative costs totaling \$2,888,887.

Note 3 - Pension

Authority employees are enrolled in a cost sharing multiple-employer public employee retirement system: the Public Employees' Retirement System (PERS). The State of New Jersey sponsors and administers this plan which cover substantially all Authority employees. As a

WARREN COUNTY (PEQUEST RIVER) MUNICIPAL UTILITIES AUTHORITY
NOTES TO FINANCIAL STATEMENTS
YEAR ENDED DECEMBER 31, 2013

(Continued)

Note 3 - Pension (Cont'd)

general rule, all full-time employees are eligible to join this Public Employees' Retirement System.

Employees who are members of PERS and retire at a specified age according to the relevant tier category for that employee are entitled to a retirement benefit based upon a formula which takes "final average salary" during years of creditable service. Vesting occurs after 8 to 10 years of service.

The State of New Jersey, Department of the Treasury, Division of Pensions and Benefits, issues publicly available financial reports that include the financial statements and required supplementary information of each of the above systems. The financial reports may be obtained by writing to the State of New Jersey, Department of Treasury, Division of Pensions and Benefits, P.O. Box 295, Trenton, New Jersey 08625-0295.

The contribution policy is set by New Jersey State Statutes and, in most retirement systems, contributions are required by active members and contributing employers. Plan member and employer contributions may be amended by State of New Jersey legislation. For PERS, the contribution rate was 6.64% effective July 1, 2012 and increased to 6.78% effective July 1, 2013. Subsequent increases after October 1, 2011 are being phased in over 7 years effective on each July 1st to bring the total pension contribution rate to 7.5% of base salary as of July 1, 2018. Employers are required to contribute at an actuarially determined rate in the PERS. The actuarially determined employer contribution includes funding for cost-of-living adjustments and noncontributory death benefits.

Authority contributions to PERS amounted to \$30,726, \$30,659, and \$45,382 for 2013, 2012, and 2011, respectively.

Note 4 - Long-Term Debt

NJ Environmental Infrastructure Bonds or Loans

The Authority issued \$5,550,000 NJ Environmental Infrastructure Refunding Bonds, Series 2003 on September 16, 2003. The bonds are being issued to provide funds: (1) to currently refund a portion of the principal amount of NJ Environmental Infrastructure Refunding Bonds, Series 1993, which have been issued by the Authority for or with respect to the Authority's sewerage system (the "System") and which are presently outstanding, and (2) to pay the costs and expenses incurred by the Authority in connection with the authorization, issuance and delivery of the bonds.

The 2003 Bonds are general obligations of the Authority payable from revenues derived by the Authority from its ownership and operation of the sewerage system, including all service charges, fees, rents and charges and other income. Substantially all revenues are derived by imposing service charges under the terms of separate service contracts with certain customers, for sewer services provided by the Authority. The Authority also has entered into a contract (the "Deficiency Advance Contract") with the County of Warren (the "County") in which the County will pay the Authority an amount (the "Deficiency Advance") equal to the deficiency between its expenses and its revenues.

On October 15, 2002, the Authority entered into two loan agreements with the State of New Jersey, acting by and through the NJ Department of Environmental Protection Fund (the "Fund"), and the NJ Environmental Infrastructure Trust (the "Trust"), in the aggregate amount of \$4,300,000, which represents direct obligations of the Authority. The loan agreements were obtained to finance the cost of the Belvidere wastewater treatment plant upgrade.

Principal payments to the Fund amounted to \$112,115 in 2013, and will continue on a semiannual basis over the next 15 years at zero interest. Principal payments to the Trust amounted to \$105,000 in 2013, and will continue on an annual basis over the remaining 10 years.

On October 15, 2003, the Authority entered into two supplemental loan agreements with the State of New Jersey, acting by and through the NJ Department of Environmental Protection Fund (the "Fund"), and the NJ Environmental Infrastructure Trust (the "Trust"), in the aggregate amount of \$2,054,515, which represents direct obligations of the Authority. The loan agreements were obtained to finance the additional costs of the Belvidere wastewater treatment plant upgrade.

Principal payments amounted to \$50,163 in 2013, and will continue on a semi-annual basis over the next 10 years at zero interest. Principal payments to the Trust amounted to \$50,000 in 2013, and will continue on an annual basis over 10 years.

Note 5 - Cash and Cash Equivalents and Investments

Cash and cash equivalents include petty cash, amounts in deposits, money market accounts, and short-term investments with original maturities of three months or less.

Investments are stated at cost, which approximates market. The Authority classifies certificates of deposit which have original maturity dates of more than three months but less than twelve months from the date of purchase, as investments.

GASB Statement No. 40, *Governmental Accounting Standards Board Deposit and Investment Risk Disclosures*, requires disclosure of the level of custodial credit risk assumed by the Authority in its cash, cash equivalents and investments, if those items are uninsured or unregistered. Custodial risk is the risk that in the event of bank failure, the government's deposits may not be returned.

Interest Rate Risk – In accordance with its cash management plan, the Authority ensures that any deposit or investments matures within the time period that approximates the prospective need for the funds, deposited or invested, so that there is not a risk to the market value of such deposits or investments.

Credit Risk – The Authority limits its investments to those authorized in its cash management plan which are permitted under state statutes as detailed on the following page.

Deposits:

New Jersey statutes require that authorities deposit public funds in public depositories located in New Jersey which are insured by the Federal Deposit Insurance Corporation, or by any other agency of the United States that insures deposits made in public depositories. Authorities are also permitted to deposit public funds in the State of New Jersey Cash Management Fund.

New Jersey statutes require public depositories to maintain collateral for deposits of public funds that exceed insurance limits as follows:

The market value of the collateral must equal 5% of the average daily balance of collected public funds on deposit.

In addition to the above collateral requirement, if the public funds deposited exceed 75% of the capital funds of the depository must provide collateral having market value at least equal to 100% of the amount exceeding 75%.

All collateral must be deposited with the Federal Reserve Bank, the Federal Home Loan Bank Board or a banking institution that is a member of the Federal Reserve System and has capital funds of not less than \$25,000,000.

Note 5 - Cash and Cash Equivalents and Investments (Cont'd)

Investments:

New Jersey statutes permit the Authority to purchase the following types of securities:

- (1) Bonds or other obligations of the United States of America or obligations guaranteed by the United States of America;
- (2) Government money market mutual funds;
- (3) Any obligation that a federal agency or a federal instrumentality has issued in accordance with an act of Congress, which security has a maturity date not greater than 397 days from the date of purchase, provided that such obligation bears a fixed rate of interest not dependent on any index or other external factor;
- (4) Bonds or other obligations of the local unit or bonds or other obligations of school districts of which the local unit is a part or within which the school district is located;
- (5) Bonds or other obligations, having a maturity date not more than 397 days from the date of purchase, approved by the Division of Investment of the Department of the Treasury for investment by local units;
- (6) Local government investment pools;
- (7) Deposits with the State of New Jersey Cash Management Fund; or
- (8) Agreements for the repurchase of fully collateralized securities if:
 - (a) the underlying securities are permitted investments pursuant to paragraphs (1) and (3) above;
 - (b) the custody of collateral is transferred to a third party;
 - (c) the maturity of the agreement is not more than 30 days;
 - (d) the underlying securities are purchased through a public depository as defined in statute; and
 - (e) a master repurchase agreement providing for the custody and security of collateral is executed.

Excess	<u>\$ -0-</u>

WARREN COUNTY (PEQUEST RIVER) MUNICIPAL UTILITIES AUTHORITY
NOTES TO FINANCIAL STATEMENTS
YEAR ENDED DECEMBER 31, 2013

(Continued)

Note 7 - Deferred Outflow of Resources

During 2003, the Authority issued Wastewater Revenue Refunding Bonds, Series 2003 for \$5,550,000 with interest rates ranging from 2.00% to 4.50%. These bonds were issued to provide funds: (1) to currently refund \$5,365,000 of the outstanding principal amount of Wastewater Revenue Refunding Bonds, Series 1993 maturing in the years 2005 to 2016, which were originally issued by the Authority to permanently finance a portion of the cost of the System, including two wastewater treatment plants, interceptor sewers and other facilities in the Service Area (the "Refunding Project"), and (2) to pay the costs and expenses incurred by the Authority in connection with the authorization, issuance and delivery of the bonds. The net proceeds of \$5,404,298 (after payment of \$145,702 in underwriting fees and other issuance costs) shall be deposited by the Trustee into a special fund or account (the "Escrow Fund") created under the Escrow Deposit Agreement. This amount when invested in direct, non-callable United States Treasury Obligations will produce sufficient funds when needed, to pay the principal of, redemption premium and interest on, the refunded bonds. As a result, the 1993 Bonds are considered to be defeased, and the liability for those bonds has been removed from the Statement of Net Position.

Although the current refunding resulted in the recognition of an accounting loss of \$277,823 for the year ended December 31, 2003, the Authority reduced its aggregate debt service payments by approximately \$397,000 over the next 13 years, and obtained an economic gain (difference between the present values of the old and new debt service payments) of approximately \$299,500.

The loss on the current refunding of \$277,823 is being amortized as a part of interest expense over the remaining life of the issue of 13 years on a straight-line basis. Amortization of the loss for 2013 was \$21,371 and for 2012 was \$21,371. The unamortized loss on bond refunding balance was \$56,989 at December 31, 2013.

Note 8: Risk Management

The Authority is exposed to various risks of loss related to torts; theft of, damage to, and destruction of assets; errors and omissions; injuries to employees; and natural disasters. Health benefits are provided to employees through the State of New Jersey health benefits plan.

The Authority is currently a member of the New Jersey Utility Authorities Joint Insurance Fund (the "Fund"). The Fund is both an insured and self-administered group of local utility authorities established for the purpose of providing low-cost insurance coverage for the members in order to keep local user fees and charges at a minimum for the local utility authorities who form the membership of the joint insurance fund.

WARREN COUNTY (PEQUEST RIVER) MUNICIPAL UTILITIES AUTHORITY
NOTES TO FINANCIAL STATEMENTS
YEAR ENDED DECEMBER 31, 2013
(Continued)

Note 8: Risk Management (Cont'd)

The following coverages are offered by the Fund to its members:

- a) Workers' Compensation and Employers' Liability
- b) Liability Other than Motor Vehicles
- c) Property Damage Other than Motor Vehicles
- d) Motor Vehicle
- e) Environmental

As a member of the Fund, the Authority could be subject to supplemental assessments in the event of deficiencies. If the assets of the Fund were to be exhausted, members would become responsible for their respective shares of the Fund's liabilities.

The Fund can declare and distribute dividends to members upon approval of the State of New Jersey Department of Banking and Insurance. These distributions are divided amongst the members in the same ratio as their individual assessment relates to the total assessment of the membership body.

The December 31, 2013 audit report of the Fund is not filed as of the date of this audit. Selected, summarized financial information for the Fund as of December 31, 2012 is as follows:

	NJ Utility Authorities Joint Insurance Fund Dec. 31, 2012
Total Assets	\$ 12,195,488
Net Position	\$ 6,304,517
Total Revenue	\$ 9,567,791
Total Expenses	\$ 9,023,540
Change in Net Position	\$ (580,986)
Members Dividends	\$ -0-

New Jersey Unemployment Compensation Insurance

The Authority has elected to fund its New Jersey Unemployment Compensation Insurance under the "Contributory Method". Under this plan, the Authority is required to remit employee withholdings to the State on a quarterly basis. All of the Authority's claims are paid by the State.

Note 9: Post-Retirement Benefits

The Authority contributes to the State Health Benefits Program (SHBP), a cost-sharing, multiple-employer defined benefit post-employment healthcare plan administered by the State of New Jersey Division of Pension and Benefits. SHBP was established in 1961 under N.J.S.A. 52:14-17.25 et seq. to provide health benefits to State employees, retirees, and their dependents.

The SHBP was extended to employees, retirees, and dependents of participating local public employers in 1964. Local employers must adopt a resolution to participate in the SHBP.

Rules governing the operations and administration of the program are found in Title 17, Chapter 9 of the New Jersey Administrative Code. SHBP provides medical, prescription drugs, mental health/ substance abuse, and Medicare Part B reimbursement to retirees and their covered dependents.

The State Health Benefits Commission is the executive body by statute to be responsible for the operations of the SHBP. The State of New Jersey Division of Pensions and Benefits issues a publicly available financial report that includes financial statements and required supplementary information for the SHBP. The report may be obtained in writing to:

State of New Jersey Division of Pension and Benefits, P.O. Box 295, Trenton, NJ 08625-0295.

WARREN COUNTY (PEQUEST RIVER) MUNICIPAL UTILITIES AUTHORITY
NOTES TO FINANCIAL STATEMENTS
YEAR ENDED DECEMBER 31, 2013
(Continued)

Note 9: Post-Retirement Benefits (Cont'd)

Participating employers are contractually required to contribute based on the amount of premiums attributable to their retirees. Post-retirement medical benefits under the plan have been funded on the pay-as-you-go basis since 1994. Prior to 1994, medical benefits were funded on an actuarial basis.

Contributions to pay for the health benefits of participating retirees in the SHBP are billed to the Authority on a monthly basis. The Authority's portion of post-retirement benefits is funded on a pay-as-you-go basis from the operating budget.

The Authority's portion of post-retirement benefits is funded on a pay-as-you-go basis from the operating budget. During 2013, the Authority had 1 employee who met eligibility requirements and recognized expenses of approximately \$10,115. In 2012, the Authority had 1 employee who met eligibility requirements and recognized expenses of approximately \$10,115.

Note 10: Intraentity and Interfund Transfers

In the normal course of business, the Authority will from time to time authorize advances between accounts. During 2013, the Authority transferred \$59,515 among restricted and unrestricted accounts based on the bond provisions. There were no advances outstanding as of December 31, 2013.

Note 11: Contractual Commitments

The Authority has entered into several contracts in the normal course of its business operations to provide sewer service for its customers including other local governments. Below is a summary of the significant contracts or agreements:

- The Authority has a three year contract with Russell Reid for transportation of liquid sludge for ultimate disposal. The cost for this service is \$0.0476 per gallon to PVSC or \$0.0376 per gallon to Par-Troy Hills Sewer Authority.
- The Authority has a five year agreement with the Passaic Valley Sewerage Commissioners for disposal services of residual sludge waste. The cost of this service is \$0.04 per gallon from the Belvidere plant, and \$0.04 per gallon from the Authority's Oxford plant.
- The Authority has a contract with Univar USA, Inc. for chemicals used in the process of treating wastewater.
- The Authority has sewer service agreements with other local government agencies, namely;
 1. The Town of Belvidere
 2. Oxford Township
 3. The County of Warren
 4. Pollution Control Financing Authority of Warren County
 5. White Township
- The Authority holds sewer service agreements with several private entities, namely;
 1. Country View Village
 2. Windtryst Apartments

WARREN COUNTY (PEQUEST RIVER) MUNICIPAL UTILITIES AUTHORITY
NOTES TO FINANCIAL STATEMENTS
YEAR ENDED DECEMBER 31, 2013
(Continued)

Note 12: Accounts Payable and Accrued Expenses

Accounts payable and accrued expenses were as follows:

	<u>2013</u>	<u>2012</u>
Vendors	\$ 56,457	\$ 66,769
Payroll Deductions Payable	2,165	2,017
Accrued Wages Payable	8,853	8,102
Accrued Interest Payable	43,344	48,283
Accrued Compensated Absences Payable	6,305	6,305
Developers' Escrow Payable	<u>6,869</u>	<u>6,866</u>
Total	<u>\$ 123,993</u>	<u>\$ 138,342</u>

Note 13: Environmental Matters

The Authority's past and present daily operations include activities which are subject to extensive federal and state environmental regulations. Compliance with these regulations has not had, nor does the Authority expect such compliance to have, any material effect upon expected capital expenditures, net income, financial condition or competitive position of the Authority. The Authority believes that its current practices and procedures comply with applicable regulations. The Authority's policy is to accrue environmental and related costs of a non-capital nature when it is both probable that a liability has been incurred and that the amount can be reasonably estimated. No such amounts have been accrued in these statements.

Note 14: Contingencies

The Authority is periodically involved in various lawsuits, claims, and grievances arising in the normal course of business, including claims for personal injury and personnel practices, property damage, and disputes over eminent domain proceedings. In the opinion of the General Counsel to the Authority, payment of claims by the Authority, for amounts not covered by insurance, in the aggregate, are not expected to have a material adverse effect on the Authority's financial position.

The Authority has participated in federal and state assisted grant programs in the past. These programs are subject to financial and compliance audits by the grantors or their representatives. In the opinion of Authority Management, liabilities resulting from such disallowed expenditures, if any, will not be material to the accompanying financial statements.

Report on Internal Control Over Financial Reporting
and on Compliance and Other Matters Based on an Audit of Financial Statements
Performed in Accordance with *Government Auditing Standards*

Independent Auditors' Report

The Honorable Chairman and Members
of the Warren County (Pequest River)
Municipal Utilities Authority
Belvidere, NJ

We have audited, in accordance with auditing standards generally accepted in the United States of America, audit requirements prescribed by the Division of Local Government Services, Department of Community Affairs, State of New Jersey ("the Division"), and the standards applicable to financial audits contained in *Government Auditing Standards* issued by the Comptroller General of the United States, the financial statements of the Pequest River Municipal Utilities Authority (the "Authority"), as of and for the years ended December 31, 2013 and 2012, and the related notes to the financial statements, which comprise the Authority's financial statements, and have issued our report thereon dated March 21, 2014.

Internal Control Over Financial Reporting

In planning and performing our audit of the financial statements, we considered the Authority's internal control over financial reporting (internal control) to determine the audit procedures that are appropriate in the circumstances for the purpose of expressing our opinions on the financial statements, but not for the purpose of expressing an opinion on the effectiveness of the Authority's internal control. Accordingly, we do not express an opinion on the effectiveness of the Authority's internal control.

A deficiency in internal control exists when the design or operation of a control does not allow management or employees, in the normal course of performing their assigned functions, to prevent, or detect and correct, misstatements on a timely basis. *A material weakness* is a deficiency, or a combination of deficiencies, in internal control such that there is a reasonable possibility that a material misstatement of the Authority's financial statements will not be prevented, or detected and corrected on a timely basis. *A significant deficiency* is a deficiency, or a combination of deficiencies, in internal control that is less severe than a material weakness, yet important enough to merit attention by those charged with governance.

Our consideration of the internal control was for the limited purpose described in the first paragraph of this section and was not designed to identify all deficiencies in internal control that might be material weaknesses or significant deficiencies. Given these limitations, during our audit we did not identify any deficiencies in internal control that we consider to be material weaknesses. However, material weaknesses may exist that have not been identified.

The Honorable Chairman and Members
of the Warren County (Pequest River)
Municipal Utilities Authority
Page 2

Compliance and Other Matters

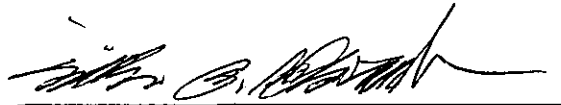

As part of obtaining reasonable assurance about whether the Authority's financial statements are free of material misstatement, we performed tests of its compliance with certain provisions of laws, regulations, contracts, and grant agreements, noncompliance with which could have a direct and material effect on the determination of financial statement amounts. However, providing an opinion on compliance with those provisions was not an objective of our audit, and, accordingly, we do not express such an opinion. The results of our tests disclosed no instances of noncompliance or other matters that are required to be reported under *Government Auditing Standards*.

Purpose of this Report

The purpose of this report is solely to describe the scope of our testing of internal control and compliance and the result of that testing, and not to provide an opinion on the effectiveness of the Authority's internal control or on compliance. This report is an integral part of an audit performed in accordance with *Government Auditing Standards* in considering the Authority's internal control and compliance. Accordingly, this communication is not suitable for any other purpose.

Mount Arlington, New Jersey

WARREN COUNTY (PEQUEST RIVER) MUNICIPAL UTILITIES AUTHORITY
SCHEDULE OF FINDINGS AND RESPONSES
YEAR ENDED DECEMBER 31, 2013

Summary of Auditors' Results:

- The Independent Auditors' Report expresses an unmodified opinion on the financial statements of the Authority.
- There were no material weaknesses or significant deficiencies disclosed during the audit of the financial statements as reported in the *Independent Auditors' Report on Internal Control Over Financial Reporting and on Compliance and Other Matters Based on an Audit of Financial Statements Performed in Accordance with Government Auditing Standards*.
- No instances of noncompliance material to the financial statements of the District which would be required to be reported in accordance with *Government Auditing Standards*, were disclosed during the audit.

Findings Relating to the Financial Statements which are required to be Reported in Accordance with Generally Accepted Government Auditing Standards:

The audit did not disclose any findings required to be reported under Generally Accepted Government Auditing Standards.

WARREN COUNTY (PEQUEST RIVER) MUNICIPAL UTILITIES AUTHORITY
SUMMARY SCHEDULE OF PRIOR AUDIT FINDINGS
FOR THE YEAR ENDED DECEMBER 31, 2013

The Authority had no findings during the prior year.

COMMENTS AND RECOMMENDATIONS

WARREN COUNTY (PEQUEST RIVER) MUNICIPAL UTILITIES AUTHORITY
OTHER COMMENTS AND RECOMMENDATIONS

Contracts and Agreements Required to be Advertised Per N.J.S. 40A:11-4 et seq.

N.J.S. 40A:11-3 states:

a. " When the cost or price of any contract awarded by the contracting agent in the aggregate does not exceed in a contract year the total sum of \$17,500, the contract may be awarded by a purchasing agent when so authorized by ordinance or resolution, as appropriate to the contracting unit, of the governing body of the contracting unit without public advertising for bids, except that the governing body of any contracting unit may adopt an ordinance or resolution to set a lower threshold for the receipt of public bids or the solicitation of competitive quotations. If the purchasing agent is qualified pursuant to subsection b. of section 9 of P.L. 1071, c.198 (C.40A:11-9), the governing body of the contracting unit may establish that the bid threshold may be up to \$25,000. Such authorization may be granted for each contract or by a general delegation of the power to negotiate and award such contracts pursuant to this section.

b. Any contract made pursuant to this section may be awarded for a period of 24 consecutive months, except that contracts for professional services pursuant to subparagraph (i) of paragraph (a) of subsection (1) of section 5 of P.L. 1971, c.198 (C.40A: 11-5) may be awarded for a period not exceeding 12 consecutive months. The Division of Local Government Services shall adopt and promulgate rules and regulations concerning the methods of accounting for all contracts that do not coincide with the contracting unit's fiscal year.

c. The Governor, in consultation with the Department of the Treasury, shall, no later than March 1 of every fifth year beginning in the fifth year after the year in which P.L.1999, c.440 takes effect, adjust the threshold amount and the higher threshold amount which the governing body is permitted to establish, as set forth in subsection a. of this section, or the threshold amount resulting from any adjustment under this subsection, in direct proportion to the rise or fall of the index rate as that term is defined in section 2 of P.L.1971, c.198 (C.40A11-2), and shall round the adjustment to the nearest \$1,000. The Governor shall, no later than June 1 of every fifth year, notify each governing body of the adjustment. The adjustment shall become effective on July 1 of the year in which it is made."

N.J.S. 40A: 11-4 states: "Every contract awarded by the contracting agent for the provision or performance of any goods or services, the cost of which in the aggregate exceeds the bid threshold, shall be awarded only by resolution of the governing body of the contracting unit to the lowest responsible bidder after public advertising for bids and bidding therefore, except as is provided otherwise in this act or specifically by any other law. The governing body of a contracting unit may, by resolution approved by a majority of the governing body and subject to subsections b. and c. of this section, disqualify a bidder who would otherwise be determined to be the lowest responsible bidder, if the governing body finds that it has had prior negative experience with the bidder."

Effective January 1, 2011 and thereafter the bid threshold in accordance with N.J.S.A. 40A:11-3 is \$17,500, and with a qualified purchasing agent the threshold may be up to \$36,000.

The minutes indicated that resolutions were adopted authorizing the awarding of contracts or agreements for "Professional Services", per N.J.S. 40A:11-5.

WARREN COUNTY (PEQUEST RIVER) MUNICIPAL UTILITIES AUTHORITY
COMMENTS AND RECOMMENDATIONS
(CONTINUED)

Contracts and Agreements Required to be Advertised Per N.J.S. 40A:11-4 et seq. (Cont'd)

Inasmuch as the system of records did provide for an accumulation of payments for categories for the performance of any work or the furnishing or hiring of any materials or supplies, the results of such an accumulation could not reasonably be ascertained. Disbursements were reviewed, however, to determine whether any clear-cut violations existed. None were noted.

Status of Prior Year's Findings/Recommendations

There were no prior year audit recommendations.

WARREN COUNTY (PEQUEST RIVER) MUNICIPAL UTILITIES AUTHORITY
SUMMARY OF RECOMMENDATIONS

There are no recommendations during 2013.
