

The Warren County Environmental Advisory Committee

*Cordially invites you to a*

## **Sustainable Jersey Discussion for Warren County**

*Wednesday, October 16, 2024*

*7:00 PM-8:30 PM*

Wayne Dumont, Jr. Administration Building  
165 County Route 519  
Belvidere (White Township), NJ

You are invited to represent your municipality at this forum and bring your colleagues as well.

An Agenda for the forum is attached. You can expect to hear more about the program, potential benefits to a certified Municipality, including grants; how to pursue certification, challenges in doing so, and some suggestions about that.

*Our goal is to increase the number of municipalities that are Sustainable Jersey certified. Thus far only two in Warren County have been certified.*

Please RSVP to WCEAC member Matt Polsky by October 4, by calling 908 451-2833 or via email: [Innovator3@hotmail.com](mailto:Innovator3@hotmail.com)
